

## **Asia's Top Companies celebrated for industry excellence at Frost & Sullivan 2014 Asia Pacific Best Practices Awards**

**Singapore, 16 October, 2014** – Lauded for their best practices and continued success within their respective industries, Asia's leading companies were recognized at the 2014 Frost & Sullivan Asia Pacific Best Practices Awards held at Marina Bay Sands, Singapore.

In its seventh year, the annual Frost & Sullivan Asia Pacific Best Practices Awards recognize companies that have implemented best practices in their industry, as well as demonstrated excellent achievements and superior performance in areas such as leadership, technological innovation and strategic product and service development. These industries include Energy & Power, Environmental & Building Technologies, Healthcare, Industrial Technologies, Logistics and Information & Communication Technologies.

In his remarks at the evening gala, Manoj Menon, Senior Partner & Asia Pacific Managing Director, Frost & Sullivan said, "On a global scale, we are seeing significant economic challenges which can significantly impact company performance. Hence, it is a necessity for companies to continually drive innovation and growth to remain competitive."

Our industry research program identifies and recognizes companies that have successfully implemented these strategies within their respective industries. The awards tonight celebrate their stellar performance."

The awards recognize companies across the region and seek to showcase best practices in industry segments which are synonymous with Frost & Sullivan's in-depth analysis and coverage of these industries. In keeping with our dedication to excellence and innovation, the awards offered are carefully reviewed and evaluated to reflect the current market landscape and includes new emerging sectors.
